I am a Software Developer passionate in everything development from UI/UX to backend & database management.

EXPERIENCE

Unrealists, Berlin, Germany — *Freelance Software Developer*

August 2019 - Present

I am currently a freelance Software Developer working for a Software Development Agency in Berlin, Germany remotely from Melbourne, Australia. I work on multiple projects creating both frontend and backend systems to a high code quality in a timely manner. I work with technologies such as PHP Laravel, Angular, TypeScript, Javascript, CSS and Python.

Unrealists, Berlin, Germany — *Intern*

June 2019 - August 2019

Worked as an intern in Germany at a software development agency, Unrealists. I worked on multiple projects with technologies such as Angular, PHP Laravel and Python.

Design Factory Melbourne, Glenferrie, Victoria — *Technical Support and Design Collaborator on the 'Paperbot Challenge'*

August 2018

I was a technical adviser for the 'Paperbot Challenge' where I advised teams of Graphic design students on the implementation of arduino based software, mechanical and electrical systems.

EDUCATION

Swinburne University of Technology, Hawthorn, Victoria — *Bachelors of Robotics & Mechatronics Engineering*

July 2016 - November 2019

RMIT, Melbourne, Victoria — *Associates Degree in Mechanical Engineering*

January 2013 - June 2015

REFERENCE
